PROFILE SUMMARY

Final-year Diploma student in Computer Science Engineering (CGPA: 9.72/10) with strong technical proficiency in full-stack Python development, REST API engineering, modern web technologies, and database architecture. Hands-on experience building practical applications including meteorological platforms, AI-powered productivity workspaces, and commercial booking systems. Disciplined problem solver eager to contribute to innovative software engineering teams.

TECHNICAL SKILLS

Programming Languages:	Python, Java, C, JavaScript (ES6+)
Web Development:	HTML5, CSS3, Bootstrap 5, jQuery, Responsive Web Design
Backend & APIs:	FastAPI, RESTful APIs, Python Architecture
Databases:	MySQL, Relational Database Modeling
Libraries & Data:	NumPy, Pandas
Tools & Platforms:	Git, GitHub, VS Code
AI & Productivity Tools:	Google Gemini, ChatGPT, GitHub Copilot

FEATURED PROJECTS

AURA AI - AI Productivity Workspace

Python, FastAPI, HTML5, CSS3, JS, AI APIs

- Engineered a unified productivity workspace combining AI chat, prompt repository, and developer tools.
- Built high-throughput backend endpoints with FastAPI, request schema validation, and asynchronous handlers.
- Designed an intuitive modern dark UI with streaming token rendering and responsive state management.

Weather Application

Python, Weather API, HTML5, CSS3, JavaScript, Bootstrap

- Developed a responsive real-time weather application consuming meteorological RESTful APIs.
- Implemented live telemetry cards (temperature, humidity, wind speed) with resilient error states for invalid queries.

Beauty Parlour Management & Booking Website

HTML5, CSS3, Bootstrap 5, JavaScript, jQuery

- Created an interactive business portal featuring service catalogs, tiered pricing schedules, and client reviews.
- Implemented responsive appointment reservation workflows and dynamic modal interactions using jQuery.

EDUCATION

Diploma in Computer Science Engineering (Final Year)

CGPA: 9.72 / 10

Aditya Polytechnic College | 2024 - 2027

Key Coursework: Data Structures, Algorithms, Python Programming, Database Management, Web Engineering

Secondary School Certificate (SSC)

Score: 91.0%

Chunilal Jajoo Rotary Municipal High School | Passing Year: 2024

CERTIFICATIONS & CREDENTIALS

Full Stack Python Development - Anurag IT Solutions (2026)
Computer Fundamentals & Office Automation - Rama Krishna Math (2025)

COMPETITIVE CODING & ACHIEVEMENTS

- CodeChef (holy_care_25): Active participant practicing algorithmic problem solving and logic building.
- Academic Standing: Consistently ranked in top academic tier at Aditya Polytechnic College with 9.72 CGPA.
